

Zhao Yuning

Recommendation Algorithm Engineer

Hangzhou | +86 138-0000-2002 | zhao.yuning@campusmail.com

PROFESSIONAL SUMMARY

- Algorithm candidate with strong interest in recommendation ranking, feature engineering and A/B analysis.
- Experienced in converting coursework into measurable prototypes with offline evaluation.

EDUCATION

- B.Eng. in Software Engineering, 2022-2026, South China University.
- Core modules: Machine Learning, Probability, Recommender Systems, Data Mining.

EXPERIENCE

- AI Lab Research Assistant, 2025. Trained CTR models and analyzed recall/precision tradeoffs.
- Competition Team Member, Tianchi Track. Built candidate generation and ranking baselines.

PROJECTS

- Movie Recommendation Demo: combined collaborative filtering and LightGBM ranking pipeline.
- User Interest Insight Dashboard: built feature ETL scripts and evaluation report automation.

SKILLS

- Python, Pandas, Scikit-learn, XGBoost, SQL, Feature Engineering, Experiment Analysis
